

## The problem with period care....

**86%**

of menstruators have started their periods unexpectedly in public without the supplies they need

**79%**

were forced to use toilet paper or other materials as a makeshift pad

**64%**

of menstruators went to a store to purchase supplies

**34%**

immediately went home to get period products

Because of period stigma, other washroom essentials such as toilet paper and hand soap fall under the term 'welfare provisions' by HSE (the Health and Safety Executive) and must be free - period products, however, do not.

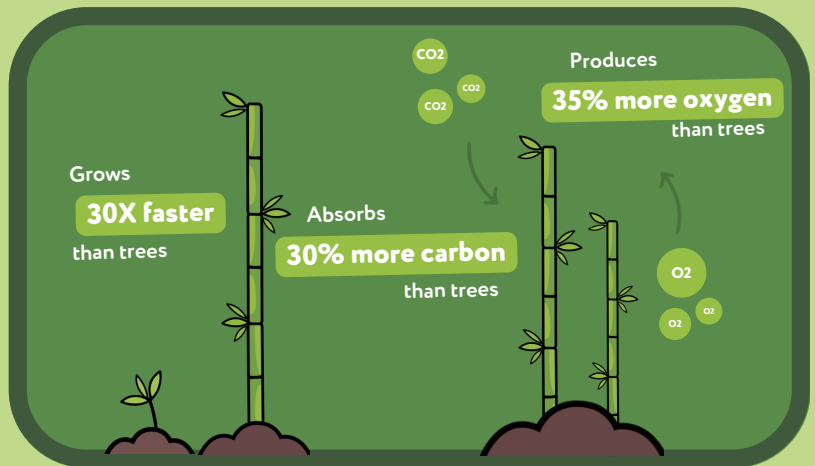

### Why offer period care?

- ✓ Make menstruators feel safe in the workplace
- ✓ Improve work efficiency
- ✓ Promote a progressive work environment

## BRINGING THE BAMBOO REVOLUTION TO PERIOD CARE

Cheeky Panda pads are designed with a soft bamboo top lining and the UK's first biodegradable bamboo core.

We've ditched the harmful, non-biodegradable stuff to bring you a more natural & comfortable way to stay fresh and confident.
