A family company®

# 「FROM CLEAN TO CARE」

## CARING FOR PEOPLE NOT JUST WORKERS

At SC Johnson Professional we help companies care for their workers as much as they care for their customers. We also believe that “care” does not involve just cleanliness.

### WHAT IF WE COULD IMPROVE THE QUALITY OF LIFE AT WORK BY FOCUSING ON THE CARE OF YOUR WORKERS?

Logistics is all about speed, and workers in the thick of it could miss critical hygiene steps or be exposed to harmful contaminants. To address these specific needs, we have developed an expertise in the implementation of tailored skin care solutions.

However, simply providing effective high-quality products isn't enough. Thanks to over 80 years of experience in industrial skin care, we know that workers are more inclined to use these products when they experience benefits immediately.

We focus not just on hand cleanliness but also on care. How products feel and smell, how easy and convenient they are to use, as well as how they perform, will all naturally encourage your employees to adhere to hygiene and safety protocols.

Our initial site surveys will ensure that the right products are located in the right place to optimise use, which along with our education and on-site signage will increase compliance, maintaining good skin condition.

### POOR SKIN CONDITION - AN INVISIBLE THREAT

# 88%

of workers in the warehousing/  
logistic sectors are exposed to  
physical and chemical risks<sup>1</sup>

AT ANY ONE TIME  

# 10-15%

of industrial workers suffer  
from dermatitis<sup>2</sup>

# 60%

of employees feel more motivated  
to work for an employer who  
cares about their mental and  
physical health<sup>3</sup>

# CREATE THE RIGHT ENVIRONMENT TO ENCOURAGE YOUR WORKERS TO GIVE THEIR BEST

## 77%

of workers prefer **Estesol® FX** over their existing lotion hand cleansers

## COMBINE AN OPTIMAL INDUSTRIAL SKIN CARE PROGRAMME - **CLEAN...**

- A specialist occupational range used before, during and after working hours, providing optimal performance with formulations proven to be mild for frequent use.
- Many products are backed by third-party certifications to verify their effectiveness, skin compatibility and reduced environmental impact
- Proven formulations that people like to use: our dispensers, product feel and smell make it easy for workers to follow skin care and safety protocols
- A unique range to meet all your skin care needs & adapted to a wide range of construction soils (dust, grease, adhesives...) and applications (rinse-free options, glove compatibility...)

- Perfume-Free
- Dye-Free
- Skin Hypoallergenic
- ECARF certified

## ...WITH A CONCERN FOR THE QUALITY OF LIFE AT WORK OF YOUR WORKERS - **CARE**

We offer a dedicated range designed for sensitive skin:

- **Perfume-free and dye-free** - designed for people who are sensitive to perfumes and dyes and who prefer products which do not have these added.
- **Skin Hypoallergenic** - dermatologist tested to verify and confirm this product has very low allergenic potential and is designed for sensitive skin.
- **ECARF Certified** - This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for skin tolerability. See <http://Ecarf-siegel.org/en/about-seal>.

One pump of foam soap provides<sup>1</sup>:

## 36%

less product required

## 30%

more washes per litre

## 26%

less packaging waste

## IMPLEMENT **COST-EFFECTIVE** SKIN CARE SOLUTIONS

- Highly efficient products to reduce waste and cost
- Given the frequent occurrence of skin disorders in industrial settings, a robust skin care programme can help minimise the risk of drawn-out compensation claims, costly court procedures and sick leave
- Our foams provide water savings. Using a foam soap compared to a lotion soap<sup>1</sup> leads to 45% less water needed during hand washing

<sup>1</sup> Compared to lotion soap SCJP sponsored study; Media4Change Ltd., How a Single Change in a Washroom can significantly reduce water consumption and associated costs, 2011.

## 3 UNIQUE PROGRAMME ELEMENTS FOR WAREHOUSING & LOGISTICS

# PRODUCTS

A UNIQUE RANGE OF SPECIALIST  
OCCUPATIONAL SKIN CARE PRODUCTS

## PROTECT

<sup>1</sup> SC Johnson Professional dispensers are built to last and guaranteed for life. If a dispenser breaks due to normal wear & tear we will replace it. Check with your local SC Johnson Professional team for the full terms and conditions applicable to the guarantee.

<sup>2</sup> BioCote<sup>®</sup> silver ion technology effectively reduces bacteria, mould and fungi on the surface of BioCote<sup>®</sup> treated SC Johnson Professional<sup>®</sup> dispenser buttons within as little as 2 hours and achieves up to 99.99% reduction over a 24 hour period. BioCote<sup>®</sup> maintains its antimicrobial protection for the lifetime of the dispenser button and will not wear off, wash off or leach out. BioCote<sup>®</sup> technology is not a substitute for good hand hygiene practices.

# EDUCATION

Providing knowledge to empower workers to change their skin care behaviour

- ✓ ONLINE RESOURCES
- ✓ ON-SITE TRAINING

## THE EDUCATION & TRAINING TOOLKIT

Encourages compliance with the '3-Moments of Skin Care' to improve skin care behaviour and maintain good skin condition.

Our training and education tools provide focus and understanding on the importance of good skin condition and how to adopt skin care best practices:

- Posters & on-site signage
- Videos & presentations
- Product selector & information sheets
- Information leaflets & hand outs
- Skin care plans & checklists

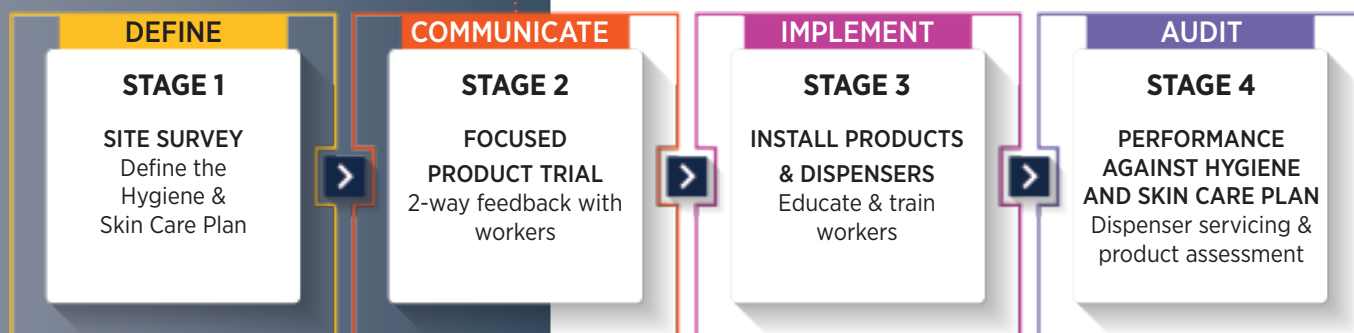

# SERVICES

Integrating the SC Johnson Professional Skin Care Programme into Your Health & Safety Plan

- ✓ SITE SURVEYS
- ✓ INSTALLATIONS
- ✓ AUDITS

### CLEANSE RATING

SC Johnson Professional  
Cleanse Rating (from 1-5)

## ABOUT SC JOHNSON PROFESSIONAL

SC Johnson Professional is a leading manufacturer of skin care, cleaning & hygiene products for away-from-home markets

- Part of SC Johnson, a family company at work for a better world led by the Johnson family for five generations
- 1,000 employees across five continents
- Manufactures specialist occupational skin care designed for any professional workplace (from industrial, food processing, healthcare, institutional to hospitality markets)
- Products used in over 80 countries by millions of people every day

SC Johnson Professional's sustainability performance at their Denby, UK site has been awarded a Gold Medal rating for 2022 by EcoVadis, an evidence-based corporate social responsibility (CSR) and sustainability ratings framework designed to measure and report on these factors. The rating puts the professional skin care, cleaning and hygiene solutions provider in the top 5% of peer companies rated by EcoVadis across 160+ countries for its efforts at their Denby, UK site.
